bibic is a small charity based in Somerset. We support children and young people with **disabilities and developmental difficulties** including Cerebal Palsy, Autism and ADHD. These conditions affect a child's behaviour, their ability to communicate as well as develop socially and physically and often have a profound effect on life at home and school. Make a difference for Martha

Meet Martha. Martha has Jacobsen's Syndrome, an extremely rare condition. Martha has already seen almost 40 specialists in her young life. Overwhelmed with appointments and plans Laura, Martha's mum, found bibic and our support has made a life changing impact.

For Laura, bibic has not only joined all the dots together but has changed their lives. Every time they come to bibic they love that the therapists help Martha to do something new, from kneeling to holding her own bottle for the first time.

Your fundraising will give more families like Martha's the chance to benefit from our life changing therapy services.

Don't forget to let everyone know when you've signed up to bibic's Charity Footballathon, and share your training and fundraising antics.
