

**Chair of the Board
Recruitment Pack**

Dear Applicant,

Here at bibic we are looking to build on and complement the skills and knowledge of our dynamic board of trustees who will support the Chief Executive and our staff team in realising our exciting strategy and championing bibic externally, using your personal networks to increase the profile of the organisation and our work. As we are a national charity you may be located in the South West, London or the South East.

Chair of the Board

We are looking for a very special person to replace our current Chair Barbara who has decided after more than ten years as a trustee and later as Chair of the board that it is time to pass on the baton to another. Barbara said 'bibic is a charity which has always been close to my heart with my grandson having been a bibic child almost 20 years ago and without whom we are convinced he wouldn't be doing the things he does today. bibic changes the lives of not just the children and young people but also their families. It truly is an inspiring charity with so much to do'. For this role we are looking for someone who has gravitas, connections and an ability to work with our CEO to achieve our mission. You will have experience in running a business ideally with a sound knowledge of the charity sector.

Please find out more about the charity on bibic.org.uk

We hope you are motivated by our ambitions and keen to help support the long-term passions of a very dynamic charity! We look forward to hearing from you.

Kind regards,

Lynda Williams

Chief Executive Officer

About bibic – Background and Context

Our Mission: bibic exists to enable children and young people with neurological or genetic conditions to help them achieve their full potential. bibic delivers individualised developmental therapy to children and young people aged 6 months to 25 years old and training to parents and professionals.

Established in 1972 by Keith Pennock a parent trying to access services for his daughter who had suffered a brain injury. Keith travelled to the USA in search of therapies to support her. He returned following extensive training in clinical work and set up British Institute for the Achievement of Human Potential. In 1980 after developments and changes in therapies it became the British Institute for Brain Injured Children and started delivering therapy which changed children's and families' lives. Over the last 28 years we have continued to develop our services which has led to us providing programmes for children with a variety of needs and as a result, we are now known as bibic.

Vision

Our vision for the next five years is ambitious, but we believe achievable and we have already started to deliver against it. We will take our therapy to the community, develop our services with schools, increase our training model for professionals and look for permanent purpose specific premises.

Our Activities

bibic provides services to children and young people who may have Cerebral palsy, Down's syndrome, Autism, Attention Deficit Hyperactivity Disorder, Dyslexia and Dyspraxia and children with no diagnosis. Assessments delivered by a bibic therapist will ascertain what developmental difficulties exist. In response to this a programme of support will be designed to address the underlying causes of those difficulties. We are then able to deduce what therapeutic interventions are needed and teach these to parents and carers to carry out at home. Here at bibic we consider the child as a whole and it is this integrated approach that makes our therapy so effective.

Our Impact

Because of the bibic assessment children, young people and their families reported:

- 100% of those who return for re-assessment showed progress in one or more developmental areas. 77% of parents said they felt more confident in their ability to manage their child's behaviour.
- 69% of families said the bibic report has helped them to access other services.
- 60% of parents say they have a better understanding of their child's condition the largest charity training providers in the country and the holder of

What our families say:

- "We finally have a better understanding of our son! Thanks to bibic we are now able to confidently address his needs and provide the support and tools he requires. We are leaving very happy!"
- "Can't thank the staff here enough. The last two days I have learnt so much about why my son can't cope and most important how we can help him to cope. I feel empowered to help him instead of powerless."
- "bibic have offered us strategies and support that no other professional has been able to do. They have been an absolute game-changer."
- "Released my child from the confinement of disability to being able to express in her own way and me understanding it."
