Ed Class

Ed Class – (www.edclass.com)- is an online education delivery platform and alternative provision that offer students the opportunity to engage in education away from the traditional classroom. They have a bank of over 17,000 lessons available in a range of subjects including, but not limited to: English Literacy and Language, Maths, Science and functional skills for maths and English. Ed Class is linked to many schools to deliver an Alternative Provision with the hope of helping children and young people with their education. However, they can also be used for home schooling.

The flatform has flexibility so that 'lessons' can be scheduled around a child and their personal needs or other activities. They state that they are there to support students who are:

- On a fixed-term exclusion
- Home-educated
- Suspended
- On short-term alternative provision
- Distance learners
- Remote learners
- School refusers
- In inclusion units
- Students with mental health struggles
- In need of one-to-one tuition
- Studying for a qualification
- Low literacy/numeracy skills
- On a GCSE catch-up programme

For primary aged students and individuals with SEND needs they also have www.edarcade.com which is an online gaming platform. There are over 120 games covering core subjects such as maths, English and science all designed around the KS1 & 2 curriculum. There are also PSHE videos as a part of the platform. Game instructions are given in visual and audio formats and there are Dyslexia fonts available. The platform also supports over 23 different languages for students where English is a second language as well as Makaton.
