

Little Green Radicals Sensory and Accessible clothing

<https://littlegreenradicals.com/collections/kids-organic-adaptive-clothing>

The **Little Green Radicals** company partnered with Purple Tuesday to create a collection of clothing that is bright, beautiful, functional and **adaptive**. In the future, they are hoping to broaden the styles they offer and make their website more accessible.

*"Our new products are designed for children from **18 months to 8 years old**. It is difficult to cater for all needs, but we have added some additional features, such as **easy feeding and nappy changing access plus flat seams and no labels**, produced from the same **organic and Fairtrade certified cotton** as always, and in our staple bright and colourful prints. We hope these new styles will **make life easier for parents**, and more **comfortable and fun** for their children."*
